

iam parent

Am trying to Find the location of my child

But He is in his school

Because I dont have any special device to reach him

Which makes me feel Worried , panic , stress , restless

iam parent

need to view the entire history of child location

but Am not able to contact my children and there is no device with him

Because I dont have device with storage unit to view it

Which makes me feel Worried , panic , loss of concentration , sad

iam child

Am trying to Contact my parent when am lost

But Am not in a known place

Because I dont have communication device

Which makes me feel Scared , restless , panic, confused

iam child

Am trying to Send my location to parents

But I have no communication meduim

Because am at my school or a strange place

Which makes me feel Scared , panic , confused
